

MMA845x_getXYZ

accelerometer_task

```
graph LR; accelerometer_task[accelerometer_task] --> MMA845x_getXYZ[MMA845x_getXYZ];
```

The diagram illustrates a function call. A rectangular box on the right, labeled 'accelerometer_task', has a blue arrow pointing left to a rectangular box on the left, labeled 'MMA845x_getXYZ'. The 'MMA845x_getXYZ' box has a light gray fill, while the 'accelerometer_task' box is white. Both boxes have a black border.
