```
graph TD; A["F:/workspace/gtracker<br/>/platform/GoodsTrackerControl<br/>/Sources/Communication/Communication.c"] --> B["string.h"]; A --> C["clock.h"]; A --> D["ihm.h"]; A --> E["uart_host.h"]; A --> F["protocol.h"]; A --> G["application.h"]; A --> H["communication.h"];
```

The diagram illustrates the dependencies of the file `Communication.c` located at `F:/workspace/gtracker/platform/GoodsTrackerControl/Sources/Communication/`. Seven arrows originate from the bottom of the source file box and point to the header files it includes: `string.h`, `clock.h`, `ihm.h`, `uart_host.h`, `protocol.h`, `application.h`, and `communication.h`.

string.h

clock.h

ihm.h

uart_host.h

protocol.h

application.h

communication.h
